Summit Follow Up

- Will provide six month, one year and one year plus evaluation options to support the Council in Summit follow up. Council will consider these three options at December 16 meeting.
- Eddie, Nicola, Rosa don't have council meeting calendar invites for Dec. 16 meeting. Leslie will send new calendar invites

OSAC YouTube:

- Oregon Supports Services Association (OSSA) support to help us identify new self-advocates and support them to be in the YouTube Videos
- Likely under \$5,000 through June 30, 2023.

Looking for legislative support to read the bills, enter into tracking and write portions of the weekly newsletter. So far, none of the usual partners are available. Suggestions from Executive Committee members include Portland Impact. Nicola will connect Leslie with contacts there.

Family Network – Leslie will send further information about getting National expertise to support the Networks. Next Executive Committee Meeting Nov. 30 to discuss this matter.

PIP is still in ODDS contracting. Have received information that we can move forward with RFP drafting.

Governor's Office – no word on transition teams or new staff for Gov. Kotek's office. Gov. Brown's office has created transition memos naming the Council and Leslie as key contacts in the Developmental Disability Community.

ODHS Director meeting re: required training for Council members. The current DAS and ODHS trainings are not accessible for Council members. Still waiting on a date for this. Once that is set, we will email Executive Committee members to attend if they are able.
